

ASIAN FUTURE

GOALS

- Shape the future of the aerosol format across the region
- Advocate for and influence the development of harmonised industry standards across the region
- Communicate effectively to members on opportunities and developments in Asia
- Drive quality standards and good environmental practice across the region
- Promote and encourage the establishment of national aerosol industry associations across the region

TARGETS 2017-18

- Continue to promote formation of aerosol associations in the region
- Continue the harmonisation initiative
- Establish process for effective representation and participation at FEA ILC level
- Continue to promote the profile and awareness of the AAF
- Resolve venue for 2019 FEA ILC meeting in the region
- Organise and Chair Annual Meeting of AAF in Bangkok in February 2018

KEY ACHIEVEMENTS 2016 -17

- Hosted successful meeting in Sydney in March 2017
- Achieved publicity for Sydney AAF meeting in international aerosol trade press
- Re-elected to AAF Presidency for further 3 year term
- AAF members reaffirmed support for rotation principle at Sydney meeting
- Reported back to members on key AAF developments, through *Aerosol News*, Annual Report and member briefings
- Coordinated input into FEA Standards Harmonisation Initiative
