New to the aerosol industry or wishing to increase your knowledge of aerosol technology?

Then the Aerosol Association of Australia's one-day **Introduction to Aerosol Technology Foundation Course** is for you.

Delivered by experienced and respected aerosol industry practitioners, the course will leave you with a greater understanding of the components that make up this unique packaging solution, how aerosol technology works and, importantly, what affects its performance.

Speakers will cover all aspects of aerosol production, including propellants, formulations, cans, valves, selecting the right components, and important safety considerations.

Course topics

Our experienced industry speakers will cover the following topics:

- **What is an aerosol?**
– an introduction to the aerosol, its history and the shape and size of the current Australian aerosol market
- **Tinplate and aluminium cans** – how each are manufactured and decorated, and their benefits and performance considerations
- **Valves/actuators and caps** – how valves work and how the choice of valve can affect spray performance
- **Propellants** – what propellants are used in aerosol products and their advantages, pressure considerations and use in formulations
- **Formulation considerations** – generic formulations of common aerosol products and the choice of actives, solvents and propellants
- **Aerosol production** – including layout and safety considerations
- **Aerosol Regulatory Overview** – a brief introduction to key regulatory requirements for aerosols

Who should attend?

The course is designed for anyone working with aerosols in an **operations, laboratory, account management or technical** role. It is ideal for those who are new to the industry or who wish to update or increase their knowledge of aerosol technology and developments.

Course venue

The course will be held at [MGSM Executive Hotel](#) in Macquarie Park, NSW.

Located in the picturesque grounds of the Macquarie University campus, yet just off the M2 motorway, only 15 kms northwest of the Sydney CBD and only 20 kms from Sydney airport, this modern facility offers **free parking** and excellent transport links.

Fees (all \$ incl. GST)

- \$495** for Association members*
- \$605** for members of overseas Associations that belong to the Asian Aerosol Federation
- \$765** for non-members

* volume discounts are available for Association members only - [enquire now](#).

Information / items provided

A copy of all speaker presentations and satchel will be provided at the start of the course to assist delegates with note-taking. PDF copies of the presentations will also be provided in the 'cloud' via a link at the conclusion of the course. Welcome coffee, morning and afternoon teas and a working lunch will be provided.

Cancellation policy

All cancellations must be made in writing to the Aerosol Association. If a cancellation is received by 10 March 2020, a full refund will be made, less a \$50 administration fee. If received after this date, no refund will be payable, however substitutes are welcome.

Accommodation

There are a variety of accommodation options in the area, and delegates should book these direct. Prices below are indicative only.

- **MGSM Executive Hotel:** to book call (02) 9850 9300
- **Travelodge Macquarie North Ryde:** to book call (02) 8874 5200
- **The Courtyard by Marriott North Ryde:** to book call (02) 9491 9500
